RE: Property at 3225 East 38th Avenue

Dear Ms. Alta L. Johnson and Mr. Jerry B. Johnson:

Enclosed is a copy of the "Notice of Withdrawal of the Notice of Environmental Conditions" recorded at the City and County of Denver Clerk and Recorder's office on November 20, 2014. This Notice of Withdrawal effectively removes the "Notice of Environmental Conditions" that the EPA recorded regarding your property at 3225 East 38th Avenue, Denver, CO 80205 on July 24, 2014.

The EPA recorded the Notice of Environmental Conditions because it had not been able to sample the property to determine if the soils presented a risk to human health due to potentially elevated levels of lead or arsenic in the soils. Following the recording of the Notice of Environmental Conditions, you granted the EPA permission to sample the soils and the sampling results did not show elevated levels of either lead or arsenic.

If you have questions, you may contact either Jennifer Chergo, Community Involvement Coordinator at 303-312-6861 or myself at 303-312-6861.

Sincerely,

A handwritten signature in blue ink that reads "Paula Schmittiel".
